
Make it yours

This topic lists things that most people want to do with their new phone, with links to instructions on how to do them.

Change its look and sound

- [Personalize your phone](#) with wallpapers, themes, fonts, and more.
- [Add apps to your home screen](#).
- You can use either the ◀ ● ■ buttons or gestures to move between apps and screens. [Choose which System navigation to use](#).
- Assign [ringtones](#) or [photos](#) to friends you call.
- Set your schedule for [Do Not Disturb](#), to automatically silence your phone when you don't want to be interrupted.

Protect your phone

- [Set up a screen lock](#).
- [Set up fingerprint security](#) to unlock your screen safely and quickly with a touch.
- In case you lose your phone, set up [Find My Device](#) and record your [IMEI number](#).

Other common set up tasks

- Connect with your [Bluetooth devices](#) and [Wi-Fi networks](#).
- If you [use multiple languages](#), set them up so they appear on your keyboard.
