

Control notifications for text messages

Follow the instructions below to change all notifications from your messaging app. But, if you want to stop text message notifications only during certain hours or from specific people, use [Do Not Disturb](#) instead.

If you use the Messages app

1. Open the  **Messages** app.
2. Touch your profile icon  > **Messages settings**.
3. If you have two SIMs, touch **General**.
4. Touch **Notifications** and:
 - Turn notifications on or off
 - Change the sound
 - Add or remove vibration

If you use a different messaging app

1. Touch & hold the app's icon.
2. Touch  **App info** > **Notifications**.
3. Make changes.

Request text delivery reports

See whether recipients receive your messages by requesting delivery reports.

1. Open the  **Messages** app.
2. Touch your profile icon  > **Messages settings**
3. If you have one SIM, touch **Advanced**.
If you have two SIMs, touch the SIM.
4. Turn on **Get SMS delivery reports**.

Turn group messaging on or off

Group messaging allows conversation participants to reply to all recipients in a single thread. If you do not want multi-recipient SMS messages converted to MMS and want replies sent in separate threads only to you, turn off group messaging.

This feature is not available in all countries.

To adjust the group messaging setting:

1. In the  **Messages** app, touch your profile icon  > **Messages settings**.
2. If you have one SIM, touch **Advanced**.
If you have two SIMs, touch the SIM.
3. Touch **Group messaging** and select an option.
