

Create and manage events

Create calendar events

As you're creating an event, you'll see suggestions for the event titles, locations, people, and more. In some cases, these suggestions are personalized based on information associated with your Google account and your previously created events.

1. [Open](#) the **Calendar** app and touch  > **Event**.
2. If you have multiple accounts, touch the account for the calendar you want.
3. Enter the start time and other details.
4. If you want a reminder sent to your status bar, touch **Add notification** and select how long before the event you want a reminder.
5. Touch **Save**.

Edit or delete calendar events

1. Touch an event to open it.
2. Do any of the following:
 - To edit it, touch .
 - To delete it, touch  > **Delete**.

Control which events are shown

To temporarily hide calendar events for a Google account you don't need to see all the time:

1. [Open](#) the **Calendar** app and tap .
2. Beneath the account name, tap **Events** to remove the checkbox. If you have multiple calendars for that account, tap the name of each calendar to hide its events.

Tip: When you hide events, the calendar still [syncs](#) with your Google [account](#). To prevent that account's calendar from automatically syncing, from the home screen go to [Settings](#) > **Passwords & accounts**.

To exclude automatically-generated events created from Gmail (for events such as flight bookings and restaurant reservations):

1. [Open](#) the **Calendar** app.
2. Tap  > **Settings** > **Events from Gmail**.
3. Under the name of the account, turn **Show events from Gmail** off .

To learn more, open Calendar and touch  > **Help & Feedback**.
