
Share contacts

Ways to share contacts

You can [share one](#) or all contacts by sending a name card file (.vcf).

You can also share a contact's information as a text message attachment.

Or, just touch your phones together and beam the contact information with [NFC](#).

Share one or a few contacts

1. [Open](#) the  **Contacts** app.
2. Touch & hold a name to select it, then touch others to select more.
3. Touch .
4. Select the [way to share](#).

Receive a name card file

1. When someone sends you a name card file, you'll see a file transfer notification. Tap the [notification](#) and accept the file transfer.
2. Tap the name card file (.vcf) to open it and add the person to your contacts.
